

Sturlanatta (eng.)

Me and Silje(13) was attending Sturlanatta tonight. This is a nightrun in orienteering. Only Silje was racing, I was the driver. Silje competed in pair with Tilla (12). It was their first nightrun, so they were a little excited. But it went very well, but one miss approx. 12 minutes, so they ended up last. But they were happy and thought this was fun.

On the ride home Silje began to talk about next tuesdays Eikernatta, so it was not scary at all....

Here's some pictures [Sturlanatta](#)
