2. Give access to your spreadsheets

When you have completed the Create Google API credentials file , you will have a service account with an email address. eg homeyloggingdemo@homeyl oggingdemo.iam.gserviceaccount.com

You then go to an existing spreadsheet or create a new one with a suitable name, then choose to share this sheet with the email that represents your Service Account.

DemoArk ☆ 🖻 ⊙ Fil Endre Visning Settinn Format Data	Verktøy Utvidelser Hjelp Sist redigert for noen sekunder siden	
	Standard (→ 10 → B I & <u>A</u> ♣ ⊞ 55 → Ξ → ± → ₱ → 🏷 →	· ··· ^ 🗊
→ fx A B C	← Del «Regneark uten navn» ③ 🔹 📊	- Ј К 🖸
	● homeyloggingdemo@homeyloggin × Redigerer ▼	3
		±
	Send varsler	•
	S Kopiér linken Avbryt Del	
		4 F

You also need the spreadsheet ID, which you can find as part of the url to the spreadsheet, e.g. as shown below, with black and highlighted text

docs.google.com/spreadsheets/d/1hYaDetMDi5ozck_fqoexHKCgv5yTNHH7GLsom6M/edit#gid=0
